

Portable D040 SRP dive system

Equipment identification

IMCA compliant portable SRP dive spread. Assembled in accordance with design documents D040 and maintained according to IMCA D018 for the initial and periodic examination, testing and certification of diving plant and equipment.

A portable surface supplied system, commonly referred to as SCUBA replacement equipment, can, in certain circumstances, be used in place of a complete surface supplies diving system. Such systems have the advantage of being portable and in most cases are used for inspection work only.

The dive system consists of the following:

- 1 x Portable 2 diver panel
- 1 x AMRON comms box 2820A
- 2 x Fibron umbilicals
- 2 x Kirby Morgan band mask 18
- 2 x 10L bailout cylinders
- 2 x Dive cylinder harness
- 4 x 50L HP cylinders
- 1 x Stokes basket
- 1 x Medical bag
- 1 x DAN O2 kit
- 2 x ICOM VHF radio
