

# Stanley Hydraulic Chainsaws

The Stanley CS06 and CS11 hydraulic chainsaws are fitted with automatic chain lubrication to ensure prolonged and reliable service, the CS11 is additionally fitted with manual chain lubrication for the most demanding work.

The lightweight CS06 is suited to light duty and the CS11 is capable of the most severe cutting jobs. All models have chain brakes that are applied when the trigger is released, the CS11 is also fitted with a safety trigger and bucking spur.
