

# Orange Peel 10 Tonne Grab

**Fisher Offshore's Orange Peel Grab can be quickly and efficiently operated via deck controls/diver control stand or ROV hot stab set up.**

The hydraulic system comes with a safety load valve that allows the grab to keep any load secure in case of hose/hydraulic failure. It comes with a manual bypass valve that can be ROV or diver operated to release the load once safely lowered again to the seabed.

The grab comes with its own shipping corral, HPU and reeler. Fisher Offshore can supply matching subsea baskets to suit client requirements.

Suitable for removing and dumping a variety of subsea related material including:

- Rock dump
- Pipelines
- Boulders
- Grout Bags
- Cables
- Concrete mattresses
- Mixed debris
- Valves
- Timber
- Assorted seabed waste/scrap

Orange Peel 10 Tonne Grab	
Model	PE 600
Capacity	0.55m <sup>3</sup>
A (Diagram overleaf)	2100mm
B (Diagram overleaf)	1480mm
C (Diagram overleaf)	2300mm
D (Diagram overleaf)	1500mm
E (Diagram overleaf)	1740mm
No. of teeth	5
Tooth force	3.2 ton
Pressure	320 bar
Oil flow	40 l/min
Weight	1200kg
Connections	Grab (Open and close) BSP
